**PURPOSE**
Centers for Disease Control and Prevention’s (CDC’s) Public Health Data Modernization Initiative (DMI) works in multiple priority areas to assure sustained improvements to data systems in service to the public’s health. To maximize health improvements through data- and science-driven practices, communities require access to complete, timely, and user-friendly data. The CDC Foundation supports this critically important work through a variety of activities.

The CDC Foundation seeks support for identification and engagement with key stakeholders. The contractor(s) will work with the project team to identify organizations and persons to engage in this project; plan and perform outreach to engage them; stimulate, capture, and summarize high quality input from partners.

Through this Request for Quotes (RFQ), the CDC Foundation is soliciting quotes from a contracting entity/contractor with expertise in partner engagement.

**SERVICES REQUIRED**
The CDC Foundation seeks quotes from experienced Contracting entities/Contractors to provide support for Partner Engagement. The contractor will:

- Co-develop and support a Strategic Engagement Plan that facilitates dissemination use of various resources that support accelerating public health data modernization within and across communities
- Work with CDC Foundation program staff to convene expert working groups to inform technical specifications
- Conduct working group sessions using design thinking approach that facilitates stakeholder engagement and support

The contract to work on the scope of services outlined is projected to end on July 31, 2023. Some aspects within the Scope of Work are currently in progress and could be completed prior to engagement of the contractor. Scope of work completion will be assessed by regular check-ins with the project team to ensure work is conducted. In your budget and budget narrative submission, please provide a proposed quote for the scope of services outlined below along with approximation of hours and hourly rate.

PRE-AWARD RISK ASSESSMENT

The CDC Foundation reserves the right to conduct financial and due diligence reviews. As a public entity, the CDC Foundation has a responsibility to the public to ensure that the organizations that receive grant funds are financially stable and to evaluate each applicant’s risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for purposes of determining the appropriate method of monitoring.

MAXIMUM PAYABLE AMOUNT (MPA)
CDC Foundation will pay the contractor a fee not to exceed a Maximum Payable Amount (MPA) or ceiling price. The MPA will be based on the fee proposed and awarded and will be negotiated as part of the resulting contract. CDC Foundation requests bidders include a cost-reimbursable budget, utilizing the attached budget template.

FUNDING SOURCE

The agreement resulting from this RFQ will be supported by Federal funding under the “Data Modernization Initiative Working Groups” project via Cooperative Agreement Number 6 NU38OT000288-05-01 from the Centers for Disease Control and Prevention.

The CDC Foundation anticipates that award(s) resulting from this solicitation will meet the criteria of “contractor” as defined by 2 CFR 200.331; a final determination will be made at the time of the award. The contractor must comply with the following federal regulatory requirements:

- Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Health and Human Services (HHS) Awards (45 CFR Part 75)
