SOUTHERN ALLIANCE 2.0 PROJECT GOAL

The goal of Renaissance Connection's Quash Covid 2.0 is to address community concerns about the COVID-19 vaccine, combat misinformation about Covid-19 and available vaccines, and to encourage vaccine participation throughout the African-American community in Albany, GA.

MISSION

The mission of Renaissance Connection is to promote and foster a love for the arts, culture, and technology in Albany, GA and the surrounding areas.

VISION

Renaissance Connection is a non-profit organization that helps foster a love for the arts in Albany, GA and the surrounding areas. We sponsor exhibitions, create & develop art related events, facilitate creativity workshops, negotiate opportunities for artists, gather resources, and much more.

PROJECT SUMMARY

Renaissance Connection, an organization that regularly held well-attended arts and cultural events, prior to the COVID-19 pandemic, will provide its subcontractors/community partners children's and adult masks and individual bottles of hand sanitizer. These subcontractors (community partners), who are situated in the zip codes 31701 and 31705, will distribute the masks and sanitizer, free of charge, within their predominately African American communities. These targeted communities are food deserts and swamps; the community members are largely plagued with the highest rates of co-morbidities, infant mortality, poverty, and unemployment/underemployment. These communities experienced the highest number of deaths, during the COVID-19 alpha wave.
